The Bennex group has pressure vessels in all locations: Bergen, Kongsberg, Aberdeen and Houston. For further information call any of the below offices.

Bergen:**Contact: Frode Falch, phone: (+47) 55 30 98 00**

Vessel 1:	Internal diameter:	420 millimeters
	Internal height:	1900 millimeters
	Max pressure:	350 bar
Vessel 2:	Internal diameter:	125 millimeters
	Internal height:	900 millimeters
	Max pressure:	600 bar

**Kongsberg:****Contact: Per Ole Gravningen, phone: (+47) 32 28 98 58**

Vessel 1:	Internal diameter:	900 millimeters
	Internal height:	2000 millimeters
	Max pressure:	250 bar
Vessel 2:	Internal diameter:	610 millimeters
	Internal height:	1000 millimeters
	Max pressure:	130 bar
Vessel 3:	Internal diameter:	640 millimeters
	Internal height:	1900 millimeters
	Max pressure:	450 bar

**Aberdeen:****Contact: Gerry Gillespie, phone: (+44) 1224 78 72 13**

Vessel 1:	Internal diameter:	610 millimeters
	Internal height:	1000 millimeters
	Max pressure:	130 bar

**Houston:****Contact: Carmen Contreras, phone: (+1) 713 410-4270**

Vessel 1:	Internal diameter:	609 millimeters
	Internal height:	1638 millimeters
	Max pressure:	345 bar
